than let it starve to death in its own filth in the back of a trailer. wtf? is all i can say sometimes
while the video played damman also had an audio track of her conducting a fictional interview with a sow bug
as it told her about life underground
it was great sweat itself doesn’t stink but if the bacteria on our skin starts to break down the sweat it
causes an odor
shepherd is a family pet, he needs to live indoors; that is, when he’s not out with you playing,
